# a vent as **UNIQUE** as your floors™

## Easy Floor Vent Solutions

Ventiques Metal Vents are compatible with nearly any type of flooring, and they're flush-mount for a seamless finish. We've designed them to install easily into everything from intricate tile, laminate and carpet. And in durability tests, our powder-coated vents have proven their weight by upholding more than 875 pounds.

Ventiques is here to offer a solution for flooring installers and homeowners alike —vents that are as unique as your floors. Unlike others, our products are easy to install, and they hold up to everything. With our variety of styles in metal and wood finishes you'll find flush mount vents that complement every home. We pride ourselves in being able to give you the highest quality product on the market—the very same one we use in our own homes!

## COLOR OPTIONS

Arctic White

Desert Sand

Midnight Black

Safari Dust

Burnt Leaf

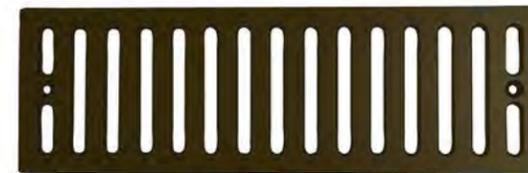

Mountain Fog

## VENT STYLES

Breeze

Forest

Avalanche

Tornado

## Flush Mount Register

Over the years, we found that ordinary raised drop-in floor vents don't add anything to a home's look, feel, or value. We set out to create a custom product that is functional and stylish, but also easy to install for skilled craftsman and DIY homeowners alike.

## Handicap Accessible

For those in wheelchairs, scooters, or even using walkers, even the smallest bump of a raised floor vent can be a huge obstacle—and a safety risk. Ventiques flush mount vents remove these transitions from the equation. Since inception, Ventiques has filled a void in homes, businesses, and other places that should be nothing but welcoming.

## Wood Species

Red Oak, White Oak, Hickory, Walnut, Maple, Ash, American Cherry, Birch, Poplar, Pine, Brazilian Cherry, Tigerwood, Mahogany

**Color and Design Reproduction**

Ventiques wants to make sure our brochures are accurate and printed to our standards. Due to photography and the printing process, we cannot always create the perfect representation of our products. Color variations may be different than actual product. We strongly recommend you look at a sample for correct color matches.
